

# Gender

*Passed at the June 2019 national meeting*

Despite some good work, we still have a long way to go to improve the participation of women and non-binary comrades in rs21, and to develop our politics on gender.

For the last two years we have run one-day “Day Without Men” political events on the weekend of a national meeting, open to members and close non-members. The feedback on these has been positive. We will have a new rs21 pamphlet coming out on gender later this year.

rs21 has limited capacity to organise major events, and cramming too many close together reduces attendance at each.

We propose to:

1. Hold another one-day event organised by and for women and non-binary comrades (but supported by male comrades) later in 2019, on a separate weekend from National Meetings, and invite volunteers to get involved in organising this
2. Hold launch events around the country for the gender pamphlet
3. Work towards holding an event exploring gender politics early in 2020, open to comrades of all genders
