

ABOLITION. REPARATIONS. REVOLUTION!

We are students, teachers, health workers, bus drivers and more. We are active around climate, housing, workplace organising, imperialism, abolition, anti-fascism, against all oppression including of trans people, international solidarity and more.

We are revolutionaries.

We recognise that beyond our workplace and community organising and activism, there needs to be something more. We need to overthrow capitalism in order to survive. To do that, we need to organise together with other revolutionaries and develop revolutionary ideas.

That's what rs21 is for.

Join a community of activists around Britain, share ideas, skills and knowledge, organise, fight back and build a revolutionary politics fit for today's crises.

HOW WE ORGANISE

rs21 branches are groups of members organising together in their local area. They host meetings, organise protests, and co-ordinate strike solidarity.

rs21 student societies can be set up by any group of students who want to create an on-campus branch.

rs21 fractions are for members of specific movements or unions in rs21 to organise together, from housing to climate.

rs21 publications are printed pamphlets and the rs21.org.uk site for news reporting and political writing. They are produced democratically by a large group of volunteers and an elected editorial team.
